NATIVE BONSAI WORKSHOP

Workshop on the art of bonsai.
Choosing specimens, potting,
planting, cultivating.

Overview of Workshop

This Workshop, participants will be given a detailed walkthrough and instruction on many aspects of the **A r t o f B o n s a i**. Participants will be given a pair of gardening gloves to take home with their very own bonsai in an unique ceramic pot. The Workshop will be held at ECOllaboration. It will start at 8:00am and it is planned to finish by 12:00pm.

What We Offer

In this workshop, the attendees will be instructed in the following

- Root Pruning
- Potting & repotting
- Basic bonsai form
- Wiring techniques
- Leaf and branch pruning
- Proper soil maintenance
- Bending techniques
- Miniature landscapes

Native Bonsai Cultivation

The participants will be working with native and locally sourced plants to make them they unique and special Bonsai. Species are:

Ficus virens,

Allocasaurina littoralis,

Araucaria cunninghamii,

R.S.V.P Necessary

As this will be a personal, hands on instructional workshop, there are limited vacancies, up to a maximum of 15 attendees.
